Hi Caroline and Soojin,

I know you have a lot of things going on right now but wanted to throw this out there ...if one of you is interested in this **Horned Dorset** residency in the summer (june or july), there may be funding available to you to cover the residency fee (\$4k) for 1 month so it would be free. The residency includes all meals and dinners at the **Horned Dorset Inn** which is very fancy.

If either of you are interested, please let ken and I know.
